## Sample Lessons

| Subject   | Title  | Concepts   | Source  | Pages |
|---|--|--|---|-------|
| Math  | Sacred Geometry  | Geometry is not algebra<br>A. Pythagorean theorem<br>B. Egyptian geometry<br>computer  | "Making Labyrinths",<br>Mater Class with<br>Robert Ferre, A<br>Veriditas Training | 18-21 |
| Art &<br>Math   | Draw Basic<br>Labyrinth<br>Patterns  |  | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 21    |
| Art   | Labyrinths &<br>Related Energy<br>Patterns                                 | A Print Project  | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 28    |
| English   | Write a labyrinth<br>Shape Poem  |  | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 32    |
| Math  | Estimate the<br>Length of the<br>Labyrinth Path                            | Students will look at a<br>labyrinth path on paper and<br>estimate the length of the<br>labyrinth path. After<br>estimating they will use<br>measuring tools to find the<br>accurate length of the path. | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 38    |
| Affective/<br>Social  | A Labyrinth<br>Method for<br>Conflict<br>Resolution and<br>Problem Solving | 5-step approach to conflict<br>resolution.   | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 45    |
| Affective/<br>Social<br>Studies,<br>Art,<br>Music,<br>English | Using the<br>Labyrinth to<br>Enhance<br>Cultural Diversity                 | Using labyrinth to enhance<br>lessons involving celebrating<br>other cultures (Vietnamese,<br>Hispanic, African, Chinese)  | "Kids on the Path,<br>School Labyrinth<br>Guide"                                  | 50    |

## Complete listings

### **Lesson Plans** from "**Kids on the Path, School Labyrinth Guide**",

Manual by Marge McCarthy. Lesson Plans and Classroom Ideas edited by Cheryl Andrews,  
2007, [\(82 page booklet\)](#)

## Part 2 - LESSON PLANS AND CLASSROOM IDEAS

### LESSON PLANS

|  |    |
|--|----|
| Draw Basic Labyrinth Patterns ( <i>Art and Mathematics</i> )                               | 21 |
| Create a Classical Labyrinth from Yarn or Rope ( <i>Art and Mathematics</i> )              | 25 |
| Labyrinths and Related Energy Patterns, A Print Project ( <i>Art</i> )                     | 28 |
| Make a Foil Embossed Labyrinth ( <i>Art</i> )  | 30 |
| Write a Labyrinth Shape Poem ( <i>Language Arts</i> )                                      | 32 |
| Theseus and the Minotaur ( <i>Language Arts, Theater, Social Studies, Music</i> )          | 34 |
| Create a Drum Circle in the Labyrinth ( <i>Music</i> )                                     | 36 |
| Estimate the Length of the Labyrinth Path ( <i>Mathematics</i> )                           | 38 |
| Estimate the Length of the Labyrinth Path Using Strides ( <i>Mathematics</i> )             | 41 |
| Math For Labyrinth Planning ( <i>Mathematics - in "Construction Workbook"</i> )            | 55 |
| The Labyrinth Ball Game ( <i>Health and Wellness</i> )                                     | 43 |
| Conflict Resolution/Emotional Control ( <i>Affective/Social</i> )                          | 44 |
| A Labyrinth Method for Conflict Resolution and Problem Solving ( <i>Affective/Social</i> ) | 45 |
| Ideas for Teaching About Labyrinths ( <i>Mixed Domains</i> )                               | 48 |
| Using the Labyrinth to Enhance Cultural Diversity ( <i>Mixed Domains</i> )                 | 50 |
| Using the Chartres Labyrinth to Help Your Students Achieve Academically                    | 52 |

---

Other assorted lesson ideas submitted by different teachers- pgs. 54-55  
(Wellness and Movement, Language Arts, History and Geography, Social Studies, Art, Math)
